

Academic Policy Handbook

2024

Edition 2024.1 | Effective 1 August 2024

Academic regulations, student procedures and administrative guidance for taught programmes. This fictional edition contains varied, extractable text for long-document ingestion, version comparison, retrieval, source-lineage and citation testing in RuleShift.

DOCUMENT CONTROL

Version 2024.1 | Published for the 2024-2025 academic cycle

Demonstration document - not an official university regulation

Publication record and reader guidance

Document owner	Office of the Registrar
Approving authority	Academic Council
Edition	2024.1
Effective date	1 August 2024
Review cycle	Annual, with interim amendment control under section 20
Page convention	One-based physical PDF page, matching the printed footer

HOW TO USE THIS HANDBOOK
Numbered governing provisions state the rule. Procedure paragraphs explain how the responsible office applies it. Worked examples illustrate administration but do not replace the governing text.

DEFINED TERMS
Course means a registered unit of study. Policy version means the edition selected for the relevant cohort or effective date. Source page means the physical PDF page printed in the footer.

EXCEPTIONS
An exception is valid only when this handbook or another identified approved instrument authorises it. Staff must record the evidence, authority, scope and duration of every exception.

AUTHORITATIVE RECORD
The published PDF and its immutable file identity are the source evidence for this testing edition. Extracted chunks and structured rules must retain edition and page ownership.

SECTION 01 / ACADEMIC REGULATIONS

1.1 Purpose and authority

1.1.1 GOVERNING PROVISION

Academic regulations bind registered students, teaching units and examination boards from the effective date stated in this edition.

1.1.2 PROCEDURE

The Office of the Registrar receives the request or record concerning purpose and authority, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 1.1.1.

1.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on purpose and authority after a record from one office conflicts with a later statement. The Office of the Registrar compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 1.1 and the applicable edition 2024.1.

1.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Office of the Registrar. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Office of the Registrar
Evidence	Dated source record linked to section 1.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 01 / ACADEMIC REGULATIONS

1.2 Scope and precedence

1.2.1 GOVERNING PROVISION

A programme-specific regulation may add a stricter academic condition only when the Academic Council has approved it and the student has received notice.

1.2.2 PROCEDURE

The Office of the Registrar receives the request or record concerning scope and precedence, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 1.2.1.

1.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on scope and precedence after a record from one office conflicts with a later statement. The Office of the Registrar compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 1.2 and the applicable edition 2024.1.

1.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Office of the Registrar. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Office of the Registrar
Evidence	Dated source record linked to section 1.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 01 / ACADEMIC REGULATIONS

1.3 Definitions and interpretation

1.3.1 GOVERNING PROVISION

Defined terms carry the meaning assigned in this handbook; a working-day deadline excludes notified university holidays and closure days.

1.3.2 PROCEDURE

The Office of the Registrar receives the request or record concerning definitions and interpretation, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 1.3.1.

1.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on definitions and interpretation after a record from one office conflicts with a later statement. The Office of the Registrar compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 1.3 and the applicable edition 2024.1.

1.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Office of the Registrar. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Office of the Registrar
Evidence	Dated source record linked to section 1.3
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 02 / COURSE REGISTRATION

2.1 Initial course registration

2.1.1 GOVERNING PROVISION

Registration is complete only after prerequisites, timetable compatibility, credit load and fee clearance have been checked in the student record.

2.1.2 PROCEDURE

The Academic Registry receives the request or record concerning initial course registration, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 2.1.1.

2.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on initial course registration after a record from one office conflicts with a later statement. The Academic Registry compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 2.1 and the applicable edition 2024.1.

2.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Academic Registry. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Academic Registry
Evidence	Dated source record linked to section 2.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 02 / COURSE REGISTRATION

2.2 Registration confirmation

2.2.1 GOVERNING PROVISION

Students must inspect the issued registration statement and report a missing or incorrect course through the registry correction process.

2.2.2 PROCEDURE

The Academic Registry receives the request or record concerning registration confirmation, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 2.2.1.

2.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on registration confirmation after a record from one office conflicts with a later statement. The Academic Registry compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 2.2 and the applicable edition 2024.1.

2.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Academic Registry. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Academic Registry
Evidence	Dated source record linked to section 2.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 03 / ATTENDANCE

3.1 Ordinary attendance requirement

3.1.1 GOVERNING PROVISION

The minimum attendance requirement is 75% in each course.

3.1.2 PROCEDURE

The Department Office receives the request or record concerning ordinary attendance requirement, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 3.1.1.

3.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on ordinary attendance requirement after a record from one office conflicts with a later statement. The Department Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 3.1 and the applicable edition 2024.1.

3.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Department Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Department Office
Evidence	Dated source record linked to section 3.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 03 / ATTENDANCE

3.2 Attendance recording and correction

3.2.1 GOVERNING PROVISION

A disputed attendance entry may be corrected only from reliable session evidence, with the original value and correction history retained.

3.2.2 PROCEDURE

The Department Office receives the request or record concerning attendance recording and correction, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 3.2.1.

3.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on attendance recording and correction after a record from one office conflicts with a later statement. The Department Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 3.2 and the applicable edition 2024.1.

3.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Department Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Department Office
Evidence	Dated source record linked to section 3.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 03 / ATTENDANCE

3.3 Approved academic activities

3.3.1 GOVERNING PROVISION

Approved representation may justify an alternative learning arrangement but does not automatically convert an absence into physical attendance.

3.3.2 PROCEDURE

The Department Office receives the request or record concerning approved academic activities, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 3.3.1.

3.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on approved academic activities after a record from one office conflicts with a later statement. The Department Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 3.3 and the applicable edition 2024.1.

3.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Department Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Department Office
Evidence	Dated source record linked to section 3.3
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 03 / ATTENDANCE

3.4 Warnings and eligibility lists

3.4.1 GOVERNING PROVISION

Departments issue provisional shortage warnings before the examination eligibility list closes and identify every affected course separately.

3.4.2 PROCEDURE

The Department Office receives the request or record concerning warnings and eligibility lists, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 3.4.1.

3.4.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on warnings and eligibility lists after a record from one office conflicts with a later statement. The Department Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 3.4 and the applicable edition 2024.1.

3.4.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Department Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Department Office
Evidence	Dated source record linked to section 3.4
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 04 / COURSE DELIVERY

4.1 Course delivery plan

4.1.1 GOVERNING PROVISION

Each course file states learning outcomes, contact pattern, assessment components and the staff member responsible for academic administration.

4.1.2 PROCEDURE

The Dean Academic receives the request or record concerning course delivery plan, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 4.1.1.

4.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on course delivery plan after a record from one office conflicts with a later statement. The Dean Academic compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 4.1 and the applicable edition 2024.1.

4.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Dean Academic. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Dean Academic
Evidence	Dated source record linked to section 4.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 04 / COURSE DELIVERY

4.2 Cancelled and replacement classes

4.2.1 GOVERNING PROVISION

A cancelled class is excluded from attendance calculations unless a replacement session is delivered and recorded against the revised timetable.

4.2.2 PROCEDURE

The Dean Academic receives the request or record concerning cancelled and replacement classes, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 4.2.1.

4.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on cancelled and replacement classes after a record from one office conflicts with a later statement. The Dean Academic compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 4.2 and the applicable edition 2024.1.

4.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Dean Academic. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Dean Academic
Evidence	Dated source record linked to section 4.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 05 / INTERNAL ASSESSMENT

5.1 Internal assessment scheme

5.1.1 GOVERNING PROVISION

Component weights, due dates and marking criteria must be published before the first assessed task is assigned.

5.1.2 PROCEDURE

The Course Coordinator receives the request or record concerning internal assessment scheme, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 5.1.1.

5.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on internal assessment scheme after a record from one office conflicts with a later statement. The Course Coordinator compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 5.1 and the applicable edition 2024.1.

5.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Course Coordinator. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Course Coordinator
Evidence	Dated source record linked to section 5.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 05 / INTERNAL ASSESSMENT

5.2 Internal assessment minimum

5.2.1 GOVERNING PROVISION

The internal assessment minimum is 18 marks out of 50 in each course.

5.2.2 PROCEDURE

The Course Coordinator receives the request or record concerning internal assessment minimum, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 5.2.1.

5.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on internal assessment minimum after a record from one office conflicts with a later statement. The Course Coordinator compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 5.2 and the applicable edition 2024.1.

5.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Course Coordinator. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Course Coordinator
Evidence	Dated source record linked to section 5.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 05 / INTERNAL ASSESSMENT

5.3 Missed assessment and moderation

5.3.1 GOVERNING PROVISION

A make-up assessment requires an approved documented absence and must test the same learning outcomes without granting an automatic pass.

5.3.2 PROCEDURE

The Course Coordinator receives the request or record concerning missed assessment and moderation, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 5.3.1.

5.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on missed assessment and moderation after a record from one office conflicts with a later statement. The Course Coordinator compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 5.3 and the applicable edition 2024.1.

5.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Course Coordinator. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Course Coordinator
Evidence	Dated source record linked to section 5.3
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 06 / GRADING

6.1 Letter grades and grade points

6.1.1 GOVERNING PROVISION

Final grades follow the approved programme scale and may be released only after component totals and moderation decisions are reconciled.

6.1.2 PROCEDURE

The Examination Board receives the request or record concerning letter grades and grade points, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 6.1.1.

6.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on letter grades and grade points after a record from one office conflicts with a later statement. The Examination Board compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 6.1 and the applicable edition 2024.1.

6.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Examination Board. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Examination Board
Evidence	Dated source record linked to section 6.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 06 / GRADING

6.2 Semester and cumulative averages

6.2.1 GOVERNING PROVISION

The registry calculates grade-point averages from earned grade points and registered credit weights, preserving excluded-course reasons in the record.

6.2.2 PROCEDURE

The Examination Board receives the request or record concerning semester and cumulative averages, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 6.2.1.

6.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on semester and cumulative averages after a record from one office conflicts with a later statement. The Examination Board compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 6.2 and the applicable edition 2024.1.

6.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Examination Board. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Examination Board
Evidence	Dated source record linked to section 6.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 06 / GRADING

6.3 Incomplete grades

6.3.1 GOVERNING PROVISION

An incomplete grade needs a documented outstanding requirement, responsible assessor and final completion date; it cannot remain open indefinitely.

6.3.2 PROCEDURE

The Examination Board receives the request or record concerning incomplete grades, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 6.3.1.

6.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on incomplete grades after a record from one office conflicts with a later statement. The Examination Board compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 6.3 and the applicable edition 2024.1.

6.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Examination Board. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Examination Board
Evidence	Dated source record linked to section 6.3
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 07 / END-SEMESTER EXAMINATIONS

7.1 Late examination entry

7.1.1 GOVERNING PROVISION

Late examination entry is permitted only up to 30 minutes after the examination starts.

7.1.2 PROCEDURE

The Examination Office receives the request or record concerning late examination entry, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 7.1.1.

7.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on late examination entry after a record from one office conflicts with a later statement. The Examination Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 7.1 and the applicable edition 2024.1.

7.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Examination Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Examination Office
Evidence	Dated source record linked to section 7.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 07 / END-SEMESTER EXAMINATIONS

7.2 Permitted materials and conduct

7.2.1 GOVERNING PROVISION

Candidates may use only materials listed on the paper cover and must surrender unauthorised notes or communication devices when directed.

7.2.2 PROCEDURE

The Examination Office receives the request or record concerning permitted materials and conduct, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 7.2.1.

7.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on permitted materials and conduct after a record from one office conflicts with a later statement. The Examination Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 7.2 and the applicable edition 2024.1.

7.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Examination Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Examination Office
Evidence	Dated source record linked to section 7.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 07 / END-SEMESTER EXAMINATIONS

7.3 Illness during an examination

7.3.1 GOVERNING PROVISION

An invigilator records the time work stopped, obtains medical assistance and seals the script before a special-sitting request is considered.

7.3.2 PROCEDURE

The Examination Office receives the request or record concerning illness during an examination, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 7.3.1.

7.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on illness during an examination after a record from one office conflicts with a later statement. The Examination Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 7.3 and the applicable edition 2024.1.

7.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Examination Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Examination Office
Evidence	Dated source record linked to section 7.3
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 08 / MEDICAL CONDONATION

8.1 Medical condonation eligibility

8.1.1 GOVERNING PROVISION

Medical condonation is available only where attendance is at least 70% and below 75%, and requires Registrar approval.

8.1.2 PROCEDURE

The Dean Academic receives the request or record concerning medical condonation eligibility, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 8.1.1.

8.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on medical condonation eligibility after a record from one office conflicts with a later statement. The Dean Academic compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 8.1 and the applicable edition 2024.1.

8.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Dean Academic. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Dean Academic
Evidence	Dated source record linked to section 8.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 08 / MEDICAL CONDONATION

8.2 Medical evidence and confidentiality

8.2.1 GOVERNING PROVISION

Evidence must identify the relevant absence period and be handled only by officers assigned to the condonation decision.

8.2.2 PROCEDURE

The Dean Academic receives the request or record concerning medical evidence and confidentiality, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 8.2.1.

8.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on medical evidence and confidentiality after a record from one office conflicts with a later statement. The Dean Academic compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 8.2 and the applicable edition 2024.1.

8.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Dean Academic. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Dean Academic
Evidence	Dated source record linked to section 8.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 08 / MEDICAL CONDONATION

8.3 Course-wise decision record

8.3.1 GOVERNING PROVISION

A condonation order identifies each approved course, the calculated shortage and the decision-maker; a blanket approval is insufficient.

8.3.2 PROCEDURE

The Dean Academic receives the request or record concerning course-wise decision record, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 8.3.1.

8.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on course-wise decision record after a record from one office conflicts with a later statement. The Dean Academic compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 8.3 and the applicable edition 2024.1.

8.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Dean Academic. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Dean Academic
Evidence	Dated source record linked to section 8.3
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 09 / ADD, DROP AND WITHDRAWAL

9.1 Add and drop period

9.1.1 GOVERNING PROVISION

A course change becomes effective when the registry records the approved request, not when a student informally stops attending or joins a class.

9.1.2 PROCEDURE

The Academic Registry receives the request or record concerning add and drop period, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 9.1.1.

9.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on add and drop period after a record from one office conflicts with a later statement. The Academic Registry compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 9.1 and the applicable edition 2024.1.

9.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Academic Registry. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Academic Registry
Evidence	Dated source record linked to section 9.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 09 / ADD, DROP AND WITHDRAWAL

9.2 Academic withdrawal

9.2.1 GOVERNING PROVISION

Ordinary withdrawal is permitted through the end of teaching week 10, subject to the transcript and fee consequences stated in the programme schedule.

9.2.2 PROCEDURE

The Academic Registry receives the request or record concerning academic withdrawal, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 9.2.1.

9.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on academic withdrawal after a record from one office conflicts with a later statement. The Academic Registry compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 9.2 and the applicable edition 2024.1.

9.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Academic Registry. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Academic Registry
Evidence	Dated source record linked to section 9.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 09 / ADD, DROP AND WITHDRAWAL

9.3 Late changes and exceptional cases

9.3.1 GOVERNING PROVISION

A late registration change requires evidence of circumstances beyond the student's control and a documented decision on academic consequences.

9.3.2 PROCEDURE

The Academic Registry receives the request or record concerning late changes and exceptional cases, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 9.3.1.

9.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on late changes and exceptional cases after a record from one office conflicts with a later statement. The Academic Registry compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 9.3 and the applicable edition 2024.1.

9.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Academic Registry. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Academic Registry
Evidence	Dated source record linked to section 9.3
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 10 / SUPPLEMENTARY EXAMINATIONS

10.1 Supplementary examination purpose

10.1.1 GOVERNING PROVISION

A supplementary examination provides another assessment opportunity only for courses and grades made eligible by the approved programme regulation.

10.1.2 PROCEDURE

The Examination Office receives the request or record concerning supplementary examination purpose, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 10.1.1.

10.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on supplementary examination purpose after a record from one office conflicts with a later statement. The Examination Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 10.1 and the applicable edition 2024.1.

10.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Examination Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Examination Office
Evidence	Dated source record linked to section 10.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 10 / SUPPLEMENTARY EXAMINATIONS

10.2 Supplementary eligibility

10.2.1 GOVERNING PROVISION

Attendance, internal assessment and disciplinary restrictions remain separate conditions unless the supplementary approval expressly addresses them.

10.2.2 PROCEDURE

The Examination Office receives the request or record concerning supplementary eligibility, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 10.2.1.

10.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on supplementary eligibility after a record from one office conflicts with a later statement. The Examination Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 10.2 and the applicable edition 2024.1.

10.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Examination Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Examination Office
Evidence	Dated source record linked to section 10.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 10 / SUPPLEMENTARY EXAMINATIONS

10.3 Supplementary results

10.3.1 GOVERNING PROVISION

The transcript identifies the supplementary attempt and applies the grade limitation prescribed for the student's programme and cohort.

10.3.2 PROCEDURE

The Examination Office receives the request or record concerning supplementary results, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 10.3.1.

10.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on supplementary results after a record from one office conflicts with a later statement. The Examination Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 10.3 and the applicable edition 2024.1.

10.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Examination Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Examination Office
Evidence	Dated source record linked to section 10.3
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 11 / ACADEMIC INTEGRITY

11.1 Academic integrity duties

11.1.1 GOVERNING PROVISION

Students must attribute sources, identify permitted collaboration and submit work that accurately represents their own contribution.

11.1.2 PROCEDURE

The Academic Integrity Officer receives the request or record concerning academic integrity duties, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 11.1.1.

11.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on academic integrity duties after a record from one office conflicts with a later statement. The Academic Integrity Officer compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 11.1 and the applicable edition 2024.1.

11.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Academic Integrity Officer. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Academic Integrity Officer
Evidence	Dated source record linked to section 11.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 11 / ACADEMIC INTEGRITY

11.2 Integrity investigation

11.2.1 GOVERNING PROVISION

A concern is tested against the assignment instructions, source evidence and the student's response before any finding is made.

11.2.2 PROCEDURE

The Academic Integrity Officer receives the request or record concerning integrity investigation, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 11.2.1.

11.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on integrity investigation after a record from one office conflicts with a later statement. The Academic Integrity Officer compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 11.2 and the applicable edition 2024.1.

11.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Academic Integrity Officer. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Academic Integrity Officer
Evidence	Dated source record linked to section 11.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 11 / ACADEMIC INTEGRITY

11.3 Integrity outcomes and records

11.3.1 GOVERNING PROVISION

A reasoned integrity outcome identifies the established conduct, sanction, educational action and route of appeal.

11.3.2 PROCEDURE

The Academic Integrity Officer receives the request or record concerning integrity outcomes and records, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 11.3.1.

11.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on integrity outcomes and records after a record from one office conflicts with a later statement. The Academic Integrity Officer compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 11.3 and the applicable edition 2024.1.

11.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Academic Integrity Officer. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

SECTION 12 / PROJECTS AND INTERNSHIPS

12.1 Project registration

12.1.1 GOVERNING PROVISION

A credit-bearing project requires an approved scope, supervisor, milestones, assessment method and record of material scope changes.

12.1.2 PROCEDURE

The Faculty Project Office receives the request or record concerning project registration, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 12.1.1.

12.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on project registration after a record from one office conflicts with a later statement. The Faculty Project Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 12.1 and the applicable edition 2024.1.

12.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Faculty Project Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Faculty Project Office

Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 12 / PROJECTS AND INTERNSHIPS

12.2 Internship approval

12.2.1 GOVERNING PROVISION

An internship must identify the host, duties, workplace supervisor, academic assessor and evidence expected before it is treated as credit-bearing work.

12.2.2 PROCEDURE

The Faculty Project Office receives the request or record concerning internship approval, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 12.2.1.

12.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on internship approval after a record from one office conflicts with a later statement. The Faculty Project Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 12.2 and the applicable edition 2024.1.

12.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Faculty Project Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Faculty Project Office

Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 12 / PROJECTS AND INTERNSHIPS

12.3 Ethics, safety and intellectual property

12.3.1 GOVERNING PROVISION

Required ethics and safety approvals must be obtained before covered activity begins, and ownership terms must be disclosed before project work is shared.

12.3.2 PROCEDURE

The Faculty Project Office receives the request or record concerning ethics, safety and intellectual property, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 12.3.1.

12.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on ethics, safety and intellectual property after a record from one office conflicts with a later statement. The Faculty Project Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 12.3 and the applicable edition 2024.1.

12.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Faculty Project Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

SECTION 13 / LIBRARY RULES

13.1 Library borrowing entitlement

13.1.1 GOVERNING PROVISION

Undergraduate students may borrow 4 books for 14 days, with a maximum of 1 renewal.

13.1.2 PROCEDURE

The University Library receives the request or record concerning library borrowing entitlement, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 13.1.1.

13.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on library borrowing entitlement after a record from one office conflicts with a later statement. The University Library compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 13.1 and the applicable edition 2024.1.

13.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: University Library. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

SECTION 13 / LIBRARY RULES

13.2 Electronic and reference resources

13.2.1 GOVERNING PROVISION

Licensed electronic resources are for authorised academic use; bulk downloading, credential sharing and unauthorised redistribution are prohibited.

13.2.2 PROCEDURE

The University Library receives the request or record concerning electronic and reference resources, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 13.2.1.

13.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on electronic and reference resources after a record from one office conflicts with a later statement. The University Library compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 13.2 and the applicable edition 2024.1.

13.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: University Library. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Escalation	Recorded review through the applicable appeal or correction route

SECTION 13 / LIBRARY RULES

13.3 Lost, recalled and damaged items

13.3.1 GOVERNING PROVISION

A recalled item is due on the notified recall date, while loss or damage is assessed under the published replacement and repair schedule.

13.3.2 PROCEDURE

The University Library receives the request or record concerning lost, recalled and damaged items, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 13.3.1.

13.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on lost, recalled and damaged items after a record from one office conflicts with a later statement. The University Library compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 13.3 and the applicable edition 2024.1.

13.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: University Library. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

SECTION 14 / HOSTEL AND RESIDENTIAL RULES

14.1 Hostel allocation and occupancy

14.1.1 GOVERNING PROVISION

A hostel room is occupied only by the assigned resident; private transfers and unrecorded room changes are prohibited.

14.1.2 PROCEDURE

The Residential Services receives the request or record concerning hostel allocation and occupancy, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 14.1.1.

14.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on hostel allocation and occupancy after a record from one office conflicts with a later statement. The Residential Services compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 14.1 and the applicable edition 2024.1.

14.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Residential Services. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Residential Services
Evidence	Dated source record linked to section 14.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 14 / HOSTEL AND RESIDENTIAL RULES

14.2 Hostel visitors

14.2.1 GOVERNING PROVISION

Hostel visitors must depart by 20:00.

14.2.2 PROCEDURE

The Residential Services receives the request or record concerning hostel visitors, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 14.2.1.

14.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on hostel visitors after a record from one office conflicts with a later statement. The Residential Services compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 14.2 and the applicable edition 2024.1.

14.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Residential Services. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Residential Services
Evidence	Dated source record linked to section 14.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 14 / HOSTEL AND RESIDENTIAL RULES

14.3 Residential safety and quiet hours

14.3.1 GOVERNING PROVISION

Residents must keep escape routes clear, report unsafe electrical equipment and observe published quiet hours in shared accommodation.

14.3.2 PROCEDURE

The Residential Services receives the request or record concerning residential safety and quiet hours, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 14.3.1.

14.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on residential safety and quiet hours after a record from one office conflicts with a later statement. The Residential Services compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 14.3 and the applicable edition 2024.1.

14.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Residential Services. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Residential Services
Evidence	Dated source record linked to section 14.3
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 15 / STUDENT LEAVE AND WELFARE

15.1 Student leave requests

15.1.1 GOVERNING PROVISION

A leave request records the period, reason, contact details and academic work affected; hostel leave does not itself excuse classes.

15.1.2 PROCEDURE

The Student Affairs Office receives the request or record concerning student leave requests, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 15.1.1.

15.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on student leave requests after a record from one office conflicts with a later statement. The Student Affairs Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 15.1 and the applicable edition 2024.1.

15.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Student Affairs Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Student Affairs Office
Evidence	Dated source record linked to section 15.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 15 / STUDENT LEAVE AND WELFARE

15.2 Extended absence planning

15.2.1 GOVERNING PROVISION

A student expecting an extended absence must agree a documented academic plan without assuming that missed practical competencies can be waived.

15.2.2 PROCEDURE

The Student Affairs Office receives the request or record concerning extended absence planning, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 15.2.1.

15.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on extended absence planning after a record from one office conflicts with a later statement. The Student Affairs Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 15.2 and the applicable edition 2024.1.

15.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Student Affairs Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Student Affairs Office
Evidence	Dated source record linked to section 15.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 15 / STUDENT LEAVE AND WELFARE

15.3 Welfare and accessibility support

15.3.1 GOVERNING PROVISION

Support arrangements protect confidentiality, identify responsible contacts and preserve the essential learning outcomes of the course.

15.3.2 PROCEDURE

The Student Affairs Office receives the request or record concerning welfare and accessibility support, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 15.3.1.

15.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on welfare and accessibility support after a record from one office conflicts with a later statement. The Student Affairs Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 15.3 and the applicable edition 2024.1.

15.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Student Affairs Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Student Affairs Office
Evidence	Dated source record linked to section 15.3
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 16 / FEES AND SCHOLARSHIPS

16.1 Fee notices and payment records

16.1.1 GOVERNING PROVISION

A fee notice identifies the charge, due date and authorised payment channel; the accounts ledger and settled transaction establish receipt.

16.1.2 PROCEDURE

The Finance and Scholarships Office receives the request or record concerning fee notices and payment records, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 16.1.1.

16.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on fee notices and payment records after a record from one office conflicts with a later statement. The Finance and Scholarships Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 16.1 and the applicable edition 2024.1.

16.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Finance and Scholarships Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Finance and Scholarships Office
Evidence	Dated source record linked to section 16.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 16 / FEES AND SCHOLARSHIPS

16.2 Scholarship continuation

16.2.1 GOVERNING PROVISION

Merit scholarship continuation requires a cumulative GPA of at least 7.0 and satisfactory academic standing at annual review.

16.2.2 PROCEDURE

The Finance and Scholarships Office receives the request or record concerning scholarship continuation, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 16.2.1.

16.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on scholarship continuation after a record from one office conflicts with a later statement. The Finance and Scholarships Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 16.2 and the applicable edition 2024.1.

16.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Finance and Scholarships Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Finance and Scholarships Office
Evidence	Dated source record linked to section 16.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 16 / FEES AND SCHOLARSHIPS

16.3 Refunds and financial hardship

16.3.1 GOVERNING PROVISION

A complete refund or hardship request must identify the affected charge, supporting circumstances and the decision sought.

16.3.2 PROCEDURE

The Finance and Scholarships Office receives the request or record concerning refunds and financial hardship, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 16.3.1.

16.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on refunds and financial hardship after a record from one office conflicts with a later statement. The Finance and Scholarships Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 16.3 and the applicable edition 2024.1.

16.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Finance and Scholarships Office. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 17 / STUDENT RECORDS

17.1 Official student record

17.1.1 GOVERNING PROVISION

The registry record is the authoritative account of registration, results and approved status changes, with every amendment attributed and dated.

17.1.2 PROCEDURE

The Office of the Registrar receives the request or record concerning official student record, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 17.1.1.

17.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on official student record after a record from one office conflicts with a later statement. The Office of the Registrar compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 17.1 and the applicable edition 2024.1.

17.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Office of the Registrar. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Office of the Registrar
Evidence	Dated source record linked to section 17.1
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 17 / STUDENT RECORDS

17.2 Record correction requests

17.2.1 GOVERNING PROVISION

A correction request identifies the disputed field and supplies source evidence; the original entry remains traceable after an approved correction.

17.2.2 PROCEDURE

The Office of the Registrar receives the request or record concerning record correction requests, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 17.2.1.

17.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on record correction requests after a record from one office conflicts with a later statement. The Office of the Registrar compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 17.2 and the applicable edition 2024.1.

17.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Office of the Registrar. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Office of the Registrar
Evidence	Dated source record linked to section 17.2
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 17 / STUDENT RECORDS

17.3 Privacy, access and retention

17.3.1 GOVERNING PROVISION

Student records are accessed only for assigned duties, disclosed through authorised processes and retained under the approved schedule.

17.3.2 PROCEDURE

The Office of the Registrar receives the request or record concerning privacy, access and retention, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 17.3.1.

17.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on privacy, access and retention after a record from one office conflicts with a later statement. The Office of the Registrar compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 17.3 and the applicable edition 2024.1.

17.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Office of the Registrar. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

SECTION 18 / APPEALS AND DISCIPLINE

18.1 Administrative review

18.1.1 GOVERNING PROVISION

A review request identifies the challenged decision, alleged factual or procedural error and the remedy sought.

18.1.2 PROCEDURE

The Appeals Secretariat receives the request or record concerning administrative review, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 18.1.1.

18.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on administrative review after a record from one office conflicts with a later statement. The Appeals Secretariat compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 18.1 and the applicable edition 2024.1.

18.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Appeals Secretariat. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

SECTION 18 / APPEALS AND DISCIPLINE

18.2 Academic appeals

18.2.1 GOVERNING PROVISION

An academic appeal must be filed within 7 working days after the written result or decision is issued.

18.2.2 PROCEDURE

The Appeals Secretariat receives the request or record concerning academic appeals, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 18.2.1.

18.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on academic appeals after a record from one office conflicts with a later statement. The Appeals Secretariat compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 18.2 and the applicable edition 2024.1.

18.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Appeals Secretariat. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement

Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 18 / APPEALS AND DISCIPLINE

18.3 Student discipline

18.3.1 GOVERNING PROVISION

A disciplinary notice states the alleged conduct and applicable provision and gives a reasonable opportunity to respond.

18.3.2 PROCEDURE

The Appeals Secretariat receives the request or record concerning student discipline, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 18.3.1.

18.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on student discipline after a record from one office conflicts with a later statement. The Appeals Secretariat compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 18.3 and the applicable edition 2024.1.

18.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Appeals Secretariat. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Escalation	Recorded review through the applicable appeal or correction route

SECTION 18 / APPEALS AND DISCIPLINE

18.4 Hearing and reasoned outcome

18.4.1 GOVERNING PROVISION

Panel members disclose conflicts, distinguish disputed evidence and explain why the final outcome is proportionate.

18.4.2 PROCEDURE

The Appeals Secretariat receives the request or record concerning hearing and reasoned outcome, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 18.4.1.

18.4.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on hearing and reasoned outcome after a record from one office conflicts with a later statement. The Appeals Secretariat compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 18.4 and the applicable edition 2024.1.

18.4.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Appeals Secretariat. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

SECTION 19 / EMERGENCY PROCEDURES

19.2 Evacuation and immediate safety

19.2.1 GOVERNING PROVISION

Occupants leave by the nearest safe route, do not re-enter without authorisation and report anyone needing assistance.

19.2.2 PROCEDURE

The Campus Safety Office receives the request or record concerning evacuation and immediate safety, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 19.2.1.

19.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on evacuation and immediate safety after a record from one office conflicts with a later statement. The Campus Safety Office compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 19.2 and the applicable edition 2024.1.

19.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Campus Safety Office. SECTION 20 / POLICY AMENDMENTS

20.1 Authority to amend policy

20.1.1 GOVERNING PROVISION

Only the Academic Council or a formally delegated authority may approve a substantive academic-policy amendment.

20.1.2 PROCEDURE

The Academic Council Secretariat receives the request or record concerning authority to amend policy, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 20.1.1.

20.1.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on authority to amend policy after a record from one office conflicts with a later statement. The Academic Council Secretariat compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 20.1 and the applicable edition 2024.1.

20.1.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Academic Council Secretariat. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Escalation	Recorded review through the applicable appeal or correction route

SECTION 20 / POLICY AMENDMENTS

20.2 Version control and publication

20.2.1 GOVERNING PROVISION

Every published edition carries a version, effective date and change record linked to the approving decision.

20.2.2 PROCEDURE

The Academic Council Secretariat receives the request or record concerning version control and publication, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 20.2.1.

20.2.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on version control and publication after a record from one office conflicts with a later statement. The Academic Council Secretariat compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 20.2 and the applicable edition 2024.1.

20.2.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Academic Council Secretariat. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

SECTION 20 / POLICY AMENDMENTS

20.3 Transitional arrangements

20.3.1 GOVERNING PROVISION

A transition notice identifies affected cohorts and determines whether a former rule continues for an already-started course or programme.

20.3.2 PROCEDURE

The Academic Council Secretariat receives the request or record concerning transitional arrangements, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 20.3.1.

20.3.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on transitional arrangements after a record from one office conflicts with a later statement. The Academic Council Secretariat compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 20.3 and the applicable edition 2024.1.

20.3.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Academic Council Secretariat. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Academic Council Secretariat
Evidence	Dated source record linked to section 20.3
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 20 / POLICY AMENDMENTS

20.4 Interpretation requests

20.4.1 GOVERNING PROVISION

An interpretation clarifies application to stated facts but cannot silently amend the governing text or create a new penalty.

20.4.2 PROCEDURE

The Academic Council Secretariat receives the request or record concerning interpretation requests, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 20.4.1.

20.4.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on interpretation requests after a record from one office conflicts with a later statement. The Academic Council Secretariat compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 20.4 and the applicable edition 2024.1.

20.4.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Academic Council Secretariat. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Academic Council Secretariat
Evidence	Dated source record linked to section 20.4
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

SECTION 20 / POLICY AMENDMENTS

20.5 Annual review and consultation

20.5.1 GOVERNING PROVISION

The Registrar coordinates annual review, records stakeholder comments and tracks approved actions into the next edition.

20.5.2 PROCEDURE

The Academic Council Secretariat receives the request or record concerning annual review and consultation, checks that the student, course, semester and selected policy edition are identified, and validates the supporting evidence against the originating system. The officer records any discrepancy before making or forwarding a decision. An email assurance, incomplete form or unrelated approval does not replace the evidence required by provision 20.5.1.

20.5.3 ADMINISTRATIVE EXAMPLE

Worked example. A student asks the university to apply the rule on annual review and consultation after a record from one office conflicts with a later statement. The Academic Council Secretariat compares the dated source records, preserves both versions and explains which evidence controls. If the facts remain incomplete, the case stays pending or is refused with reasons; staff do not invent a favourable value. The outcome cites section 20.5 and the applicable edition 2024.1.

20.5.4 RECORDS, EXCEPTIONS AND REVIEW

Required record: source evidence, validation note, decision, decision-maker and notification date. Responsible office: Academic Council Secretariat. An authorised exception must cite its separate legal basis, affected course or service, duration and approving authority. Reviewers must be able to reproduce the result without relying on undocumented memory.

Control	Operational requirement
Owner	Academic Council Secretariat
Evidence	Dated source record linked to section 20.5
Decision	Reasoned outcome under edition 2024.1
Escalation	Recorded review through the applicable appeal or correction route

APPENDIX A

Administrative workflow map

A request moves through receipt, completeness review, evidence validation, decision, notification and record retention. The responsible officer records each handoff, and urgent welfare action may proceed while the academic decision remains pending.

1. Receipt and identity	Record the date received, requester, selected policy version and responsible office.
2. Source evidence	Preserve the original document or system record and record the page, field or transaction that supports the decision.
3. Validation	Check completeness, ownership, dates and internal consistency before relying on extracted or copied information.
4. Decision	Identify the governing provision, material facts, result, decision-maker and any approved exception.
5. Review and retention	Notify the affected person, preserve the audit trail and apply the stated correction, appeal and retention process.

EDITION CONTROL

Edition note: this appendix belongs to version 2024.1 effective 1 August 2024. It supports administration but does not replace the numbered governing provisions in sections 1 through 20.

APPENDIX B

Evidence and decision matrix

The matrix distinguishes attendance registers, assessment sheets, medical documents, fee records, examination reports and disciplinary evidence. Each source has an owner, validation step and retention rule.

1. Receipt and identity	Record the date received, requester, selected policy version and responsible office.
2. Source evidence	Preserve the original document or system record and record the page, field or transaction that supports the decision.
3. Validation	Check completeness, ownership, dates and internal consistency before relying on extracted or copied information.
4. Decision	Identify the governing provision, material facts, result, decision-maker and any approved exception.
5. Review and retention	Notify the affected person, preserve the audit trail and apply the stated correction, appeal and retention process.

EDITION CONTROL

Edition note: this appendix belongs to version 2024.1 effective 1 August 2024. It supports administration but does not replace the numbered governing provisions in sections 1 through 20.

APPENDIX C

Worked administrative cases

The cases show how staff separate ordinary attendance, condonation, internal assessment and examination-entry requirements. Meeting one condition does not imply that every other condition is satisfied.

1. Receipt and identity	Record the date received, requester, selected policy version and responsible office.
2. Source evidence	Preserve the original document or system record and record the page, field or transaction that supports the decision.
3. Validation	Check completeness, ownership, dates and internal consistency before relying on extracted or copied information.
4. Decision	Identify the governing provision, material facts, result, decision-maker and any approved exception.
5. Review and retention	Notify the affected person, preserve the audit trail and apply the stated correction, appeal and retention process.

EDITION CONTROL

Edition note: this appendix belongs to version 2024.1 effective 1 August 2024. It supports administration but does not replace the numbered governing provisions in sections 1 through 20.

APPENDIX D

Records schedule and offices

Academic records are retained by the Registry; examination scripts by the Examination Office; medical attachments by designated confidential officers; and hostel records by Residential Services.

1. Receipt and identity	Record the date received, requester, selected policy version and responsible office.
2. Source evidence	Preserve the original document or system record and record the page, field or transaction that supports the decision.
3. Validation	Check completeness, ownership, dates and internal consistency before relying on extracted or copied information.
4. Decision	Identify the governing provision, material facts, result, decision-maker and any approved exception.
5. Review and retention	Notify the affected person, preserve the audit trail and apply the stated correction, appeal and retention process.

EDITION CONTROL

Edition note: this appendix belongs to version 2024.1 effective 1 August 2024. It supports administration but does not replace the numbered governing provisions in sections 1 through 20.

INDEX

Subject index and edition change note

Key entries include attendance, assessment, condonation, examinations, grading, hostel, integrity, library, records, registration and scholarships. The edition change note directs readers to the controlling numbered provision.

1. Receipt and identity	Record the date received, requester, selected policy version and responsible office.
2. Source evidence	Preserve the original document or system record and record the page, field or transaction that supports the decision.
3. Validation	Check completeness, ownership, dates and internal consistency before relying on extracted or copied information.
4. Decision	Identify the governing provision, material facts, result, decision-maker and any approved exception.
5. Review and retention	Notify the affected person, preserve the audit trail and apply the stated correction, appeal and retention process.
